## Educational Background

|                                                                                                                                                                    |                  |                 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|-----------------|
| University of Nottingham UG                                                                                                                                        | Statistics (2+2) | 2024.8 - 2028.6 |
| <ul style="list-style-type: none"><li>24-25 Average Mark: 82; Dean 's Scholarship recipient</li><li>24-25 Outstanding Member in CCYL; 25-26 Class Leader</li></ul> |                  |                 |

## Extra-curricular Projects & Activities

|                                                                                                                                                                    |                  |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| Learning Technologies - VR Session                                                                                                                                 | 2025.2 - 2025.5  |
| <ul style="list-style-type: none"><li>Built a Unity-based AR project featuring book cover recognition and interactive book introduction displays.</li></ul>        |                  |
| Data Scholarship                                                                                                                                                   | 2025.9 - 2025.12 |
| <ul style="list-style-type: none"><li>Performed data analysis and visualization with Python, earning the Best Performer award in the final presentation.</li></ul> |                  |
| The Mathematical Contest in Modeling (MCM)                                                                                                                         | 2026.2           |
| <ul style="list-style-type: none"><li>Honorable Mention</li></ul>                                                                                                  |                  |

## Research Experience

|                                                                                                                                                                                                                                                                |               |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|
| Shenzhen Bay Laboratory (SZBL) - Smart Huangkai Lab                                                                                                                                                                                                            | 2026.6-2026.9 |
| <ul style="list-style-type: none"><li>Optimized models on predicting EPIs (enhancer-promoter-interactions) and gene expression levels.</li><li>Quantified subcellular transcript co-localization and characterize local spatial regulatory features.</li></ul> |               |

## Intern Experiences

|                                                                                                                                                                                                                                                                                                                                               |                  |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| UNNC Academic Service Office Graduation Project Intern                                                                                                                                                                                                                                                                                        | 2025.6           |
| <ul style="list-style-type: none"><li>Assisted the Academic Services Office in preparing, verifying, and organizing graduating students' records, including grades, awards, and archival documents.</li><li>Supported coordination for graduation-related activities and the distribution of certificates.</li></ul>                          |                  |
| UNNC IT Service Desk Technician                                                                                                                                                                                                                                                                                                               | 2025.9 - 2025.12 |
| <ul style="list-style-type: none"><li>Provided in-person, telephone, and email support for IT-related issues raised by students and staff.</li></ul>                                                                                                                                                                                          |                  |
| UNNC Alumni Data Intern                                                                                                                                                                                                                                                                                                                       | 2026.1 - 2026.5  |
| <ul style="list-style-type: none"><li>Analyzed, cleaned, visualized, and organized alumni donation lists and other datasets in accordance with established rules and database requirements.</li><li>Translated content for the official WeChat public account, university website news articles, and the Alumni monthly newsletter.</li></ul> |                  |

## Volunteer Experience

|                                                                                                                                                                                                      |            |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| 2025 Ningbo Open Player Banquet Interpreter Volunteer                                                                                                                                                | 2025.10.12 |
| <ul style="list-style-type: none"><li>Provided English-language communication support for international players, answered inquiries, and conveyed banquet procedures and venue directions.</li></ul> |            |

## Student Leadership & Service

|                                                                                                                                                                                                                         |                                  |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|
| Nuomi Tuantuan (CCYL of Science and Engineering, UNNC)                                                                                                                                                                  | Head of Youth Service Department |
| Harmony of Music and Science                                                                                                                                                                                            | 2024.12                          |
| <ul style="list-style-type: none"><li>Assisted with venue guidance during entry and exit, and supported stage management by helping present appointment certificates and preparing materials needed on stage.</li></ul> |                                  |
| Yinzhou Central Sunshine Station                                                                                                                                                                                        | 2024.11; 2025.11                 |

- Organized and participated in volunteer service activities for disabled people.

## Skills

---

- Academic writing with LaTeX
- Matlab and R Fundamentals
- Machine Learning Fundamentals (self-studied through Andrew Ng's Machine Learning course)

## Certificates

---

- National Computer Rank Examination (NCRE):
  - Level 2 Python Programming — **Excellent**
  - Level 2 Advanced MS Office Applications and Design — **Pass**
- CET-4: **538**
- CET-6: **537**
