- Translated content for the official WeChat public account, university website news articles, and the Alumni monthly newsletter.

Shenzhen Bay Laboratory (SZBL) - Smart Huangkai Lab 2026.6-2026.9

- Optimized models on predicting EPIs (enhancer-promoter-interactions) and gene expression levels.
- Quantified subcellular transcript co-localization and characterize local spatial regulatory features.

Other Experience

2025 Ningbo Open Player Banquet Interpreter Volunteer 2025.10.12

- Provided English-language communication support for international players, answered inquiries, and conveyed banquet procedures and venue directions.

Nuomi Tuantuan (CCYL of Science and Engineering, UNNC) Head of Youth Service Department

Harmony of Music and Science 2024.12

- Assisted with venue guidance during entry and exit, and supported stage management by helping present appointment certificates and preparing materials needed on stage.

Yinzhou Central Sunshine Station 2024.11; 2025.11

- Organized and participated in volunteer service activities for disabled people.

Skills

- Academic writing with LaTeX
- Matlab and R Fundamentals
- Machine Learning Fundamentals

- Data Analysis and Visualization

Additional Skills / Certificates

- National Computer Rank Examination (NCRE):
  - Level 2 Python Programming — **Excellent**
  - Level 2 Advanced MS Office Applications and Design — **Pass**
- Langrage
  - English: CET-4: **538** CET-6: **537**

Extra-curricular Projects & Activities (Put it after additional skills, keep it.)

Learning Technologies - VR Session 2025.2 - 2025.5

- Built a Unity-based AR project featuring book cover recognition and interactive book introduction displays.

Data Scholarship 2025.9 - 2025.12

- Performed data analysis and visualization with Python, earning the Best Performer award in the final presentation.

The Mathematical Contest in Modeling (MCM) 2026.2

- Honorable Mention

Semester Position

- 24-25 Outstanding Member of CCYL (Communist Youth League)
- 25-26 Class Leader
